

CubeSat

How far has it come?

2nd Annual CubeSat Workshop

Logan Utah

August 8-9, 2004

Prof. Bob Twiggs
Stanford University

CubeSat Upside

- Started 1999
- First 6 launches June 2003
- Expected launches 2005 15-20
- Now a serious satellite, not a toy
- Accepted internationally

CubeSat Unwritten Rules

- Exchange designs freely
- All bus design should be public domain
- Commercial components & kits should not exploit education
- CubeSat community – major goal

Student Education

- Secondary goal – promote space enterprise

CubeSat Motto

Take freely

Give freely

Innovate

Go Have

Fun
